this peer reviewed series has as its focus the authors and the latin and vernacular literatures of late medieval and early modern europe ca 13th through 17th centuries including those less common literatures that arose within the european cultural sphere volumes include original scholarly monographs article collections as well as editions of primary sources and translations in combination with critical editions all methodological approaches including interdisciplinary ones are welcome

the first book of its kind in english ancient meteorology discusses greek and roman approaches and attitudes to this broad discipline which in classical antiquity included not only weather but occurrences such as earthquakes and comets that today would be regarded as geological astronomical or seismological the range and diversity of this literature highlights the question of scholarly authority in antiquity and illustrates how writers responded to the meteorological information presented by their literary predecessors ancient meteorology will be a valuable reference tool for classicists and those with an interest in the history of science

throughout the last century there has been continuous study of paul as a writer of letters although this fact was acknowledged by previous generations of scholars it was during the twentieth century that the study of ancient letter writing practices came to the fore and began to be applied to the study of the letters of the new testament this volume seeks to advance the discussion of paul s relationship to greek epistolary traditions by evaluating the nature of ancient letters as well as the individual letter components these features are evaluated alongside paul s letters to better understand paul s use and adaptations of these traditions in order to meet his communicative needs

includes section reviews of recent theological literature

this work contains a copy of seneca s suasoriae along with facing translation full annotation and a useful introductory essay which offers an argument against suggestions that seneca was no more than a professional hack teacher of rhetoric and that his latinity is inferior and unclassical

although seneca s de ira has long been considered a standard stoic approach to anger in dialogue form its structure more closely approximates that of an epistle the prevalence of legal terminology as well as numerous and recurrent legal contexts suggest that seneca used the epistolary responsum of the jurisconsults as his model instead of the philosophical dialogue seneca s criticism of the delict iniuria in a legal genre disguised as a stoic moral essay parodies the responsum and as a consequence effectively reveals law as

a convenient pretext and source of a social ill it purports to remedy

this volume contains ten essays on seneca the younger approaching the roman writer from various angles the authors endeavor both to illuminate individual aspects of seneca s enormous output and to discern common themes among the different genres practiced by him

the literature of the entire tudor period from the reign of henry vii to death of elizabeth i is covered by this volume it pays particular attention to the years before 1580 covering the establishment of print culture and growth of a reading public
